

Output of micro-project:

- Customer Dashboard:

- Admin dashboard:

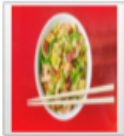

- **Verify user**

The screenshot shows a web application titled "Gourmet Online Food Order". In the top right corner, there are two links: "Log In to Order" and "Admin Login". The main content area is a light purple color. Centered on the page is a white rectangular form box. Inside this box, the text "User Name" is followed by a text input field containing the placeholder "Enter Your Name". Below the input field is the instruction "Enter a User Name that your will remember." (note the typo "will"). The next section is labeled "Password" and contains a text input field with the placeholder "Password". Below this field is the instruction "Keep it cryptic as possible." At the bottom of the form box are two blue buttons: "Submit" and "New User".

- **NewUser.php:**

The screenshot shows the same web application titled "Gourmet Online Food Order". In the top right corner, the links are "Log In to Order" and "Register as New User". The main content area is a light purple color. Centered on the page is a white rectangular form box. The form contains several input fields, each with a label above it: "User Name" (placeholder: "Enter Your Name", instruction: "Enter a User Name that your will remember."), "Password" (placeholder: "Password", instruction: "Keep it cryptic as possible."), "Confirm Password" (placeholder: "Confirm Password"), "Contact Number" (placeholder: "Contact Number"), "EmailID" (placeholder: "Email ID"), "Delivery Address" (placeholder: "Delivery Address"), and "City" (placeholder: "City"). At the bottom of the form box is a single blue button labeled "Submit".

OK

- AddCategory

The screenshot shows the 'AddCategory' page. At the top, there is a purple header bar with the text 'Gourmet Online Food Order' on the left and 'Log Out SaraKnight' on the right. Below the header, the page is divided into two main sections. On the left, there is a vertical sidebar with four light blue buttons: 'Create a Food Category', 'Add a Food Item', 'Delete a Food Category', and 'Modify a Food Item'. The main content area on the right is titled 'Add New Food Category'. It contains a text input field labeled 'New Food Category' and a blue 'Submit' button below it.

- AddMenuItem.php

The screenshot shows the 'AddMenuItem.php' page. It has the same purple header bar as the previous page, with 'Gourmet Online Food Order' and 'Log Out SaraKnight'. The left sidebar is identical, with buttons for 'Create a Food Category', 'Add a Food Item', 'Delete a Food Category', and 'Modify a Food Item'. The main content area is titled 'Add Food Item'. It contains several form elements: a 'Select Food category' dropdown menu with 'Choose...' selected; a text input field for 'New Food Item'; a 'Price' text input field; a 'Discount' text input field; and an 'Upload Item Image' section with a 'Choose File' button and the text 'No file chosen'. A blue 'Submit' button is at the bottom of the form.
